

## **Pure Cheese Poppers**

**Ingredients:**

1/8 lb Parmesano Regiano cheese

1/4 lb Mozzarella cheese

Cut up the Parmesano Regiano cheese into very small pieces. Press each piece into the Mozzarella cheese until it is surrounded. Put several of them on a microwave safe platter. Microwave on high for about 30 seconds. The Mozzarella cheese will have melted and partially browned. If it is not melted, zap again. Once the Mozzarella cheese is melted, cool and serve.
